It is the right number. I left him a message. Thanks.

Is it OK to cc a copy of Misty and my recommendations to EPA for his awareness?

Adam Freedman (415) 972-3845. The last digit looks like a five on the sign-in sheet, but it could be a different number. Let me know if this number doesn't work.

Yes, the meeting is still on. Misty indicated to me that she would attend. I don't believe the EPA was going to attend this particular meeting.
